

CLUB
R.E.D.

Our goal with the Club R.E.D. Membership Program is to provide reliable and affordable electrical services to our members. Aside from discounts and special perks, Redline memberships also offer thorough inspections at regular intervals to assist in finding possible concerns before they become emergent situations. R.E.D. stands for residential electrical defense; let Redline be your first line of defense against electrical issues. Preventative maintenance can save you hundreds, with the average service call costing between \$260 and \$400. Your investment in our TEAM is an investment to NEVER BE WITHOUT POWER!

REDLINE ELECTRIC & SOLAR

Redline Electric & Solar, is a full-service electrical & solar contractor serving all of Arizona. Founded in 2009, Joshua Farley took his core beliefs and powerful vision to create something he had never seen before while working in the trades. He continues to be the visionary behind the growth of the company and surrounds himself with an amazing staff of folks who would do anything to help anyone.

WHAT WE DO

For us, we're not satisfied until we can say we have delivered awesome at every opportunity.

Our employees are awesome. Everyone on the team embodies the "I am Redline" mission that makes us rise above the competition in our integrity and commitment.

Our products are awesome because they are the best in the industry, they offer stellar warranties, and we stand behind them.

We offer awesome service through our Power Process and 24-hour emergency response.
